☎ 0951068571

📍 Addis Ababa, Ethiopia

Summary

Computer Science graduate with skills in web development and foundational knowledge in networking. Experienced in building web applications using modern technologies and completed internship training in network administration, gaining hands-on experience in network setup, troubleshooting, and system support. Seeking an entry-level IT or Network Administration role to apply technical skills and contribute to efficient and secure systems.

Education

Computer Science, St. Mary's University

2022 – 2026

Studied core Computer Science subjects including programming, database systems, networking, and software development. Gained practical experience in web development and network administration through academic projects and internship training.

Addis Ababa

Skills

- Java, PHP, Node.js, HTML, CSS, JavaScript, MySQL, MongoDB, TCP/IP, LAN/WAN, Network Troubleshooting, VS Code, Communication, Teamwork, Problem-solving

Languages

- Amharic: Native / Fluent
English: Professional Working Proficiency

Certificates

I am pursuing a **Bachelor of Science in Computer Science** at St. Mary's University, Addis Ababa, with an expected graduation in 2026. I have maintained a **cumulative GPA** of **3.56** and scored **67%** on the **National Higher Education Entrance Exam**. Additionally, I completed a **Network Administration internship** at **ENAT Bank Head Office**, with the certificate currently pending.

Work Experience

Data Entry & Data Analysis – Tracon Trading PLC

3 Months

- Performed accurate data entry and maintained company records.
- Organized, cleaned, and updated data for daily business activities.
- Assisted with data analysis and preparation of reports.
- Used computer applications to manage and process information.
- Supported daily administrative and data-related tasks.

Interests

• I have a strong interest in network administration and web development, enjoy problem-solving, and like staying updated with emerging technologies. I also enjoy reading tech articles and exploring innovative solutions.

Projects

I have completed two notable projects. The first, Verify Digital Home Service, was developed using Node.js, HTML, CSS, JavaScript, and MongoDB, providing a platform to manage and verify digital home services efficiently. The second project, Bank Topology Simulation, involved designing and implementing a bank network topology using Packet Tracer, focusing on network configuration, connectivity, and security.

Courses

2025 – 2026

Introduction to Networking – Cisco Networking Academy (2025)
Gained practical knowledge in network fundamentals, IP addressing, and routing protocols.
Web Development Bootcamp – freeCodeCamp (2024)
Developed skills in HTML, CSS, JavaScript, and Node.js through hands-on projects.

Publications

Verify Digital Home Service – Senior Project, St. Mary's University (2026) Developed a digital home service verification platform using Node.js, HTML, CSS, JavaScript, and MongoDB. The project included full documentation and testing, demonstrating software development and database management skills.

Declaration

I hereby declare that all the information provided in this CV is true, accurate, and complete to the best of my knowledge.

Temporary Certificate of Graduation

This is to certify that

Hayat Berhanu Serjabo

*Graduated from St. Mary's University
With Bachelor of Science Degree in*

Computer Science

On March 16, 2026

With a national exit exam score of 67 / 100 (Pass)

And is thus entitled to all the rights and privileges thereof.

This temporary diploma has been given pending the printing and issuance of the actual diploma.
